

Report of the Coordinating Committee of Permanent Jobs FIFCJ . From 2009 to 2015 .

Dear Friends ,

I want to start by wishing all a happy stay in Italy , with health , and peace, and that the return to their homes to be full of joy and energy to carry out all the projects that we are involved .

On " Prospects for the empowerment of women in the XXI century " , in Brazil , we have numerous examples of successful women , powerful . A woman is standing out on the national scene , reflecting their competence , faith and persistence on your goal . It is not easy to ascend to power , especially where tradition and culture is sexist. Yet the Brazilian woman following the good examples and achieving your goals .

But today I want to show another face of woman power Amazon .

A simple woman , almost uneducated who lives in the hinterland or in the rivers of the Amazon beiradões : She is a housewife , farmer , midwife , pharmaceutical home remedy herbal peel and stick , natural biodiversity . And when all else fails , she prays , " healer " as they say in place ... to heal there ailments peculiar ...

An example is Sueli , mother of 8 children , makes harvesting tucumã , opens blocks scuffed cassava , starts when the harvest period , strips , grinds , and makes the flour to support the family , and also to sell after all , there to have money for other needs . Early in the morning , open a coffee base tapioca production, saduiche tucuma and passion fruit bush . At eleven accompanying their children to school , going to take and fetch because despite his limited education knows that children should study for progress and aspire to a better future . In the name of this brave woman warrior and powerful want to greet with a round of applause , all the Marys , Plain and Goretes that by its provisions raise the name of the woman .

By virtue of the activities of the Commission of Permanent Works , we work towards social inclusion hand in hand with the preservation of the environment . This subject arouses worldwide attention , which relies on the assistance of the media to publicize the concern with recent scientific studies on the investigation of life on the planet . The use of natural resources , sustainable development , economic growth and social upheavals or without causing ecological imbalance , motivated Brazil and other countries to meet the population in various events of which actively participated in 2012 :

3rd . Sustainability World Forum , Meeting of Sustainable Development of the Brazilian Amazon , Beyond Sustainability , Rio + 20 , International Conference on Environment Magistrates with the firm intention to find ways to live in harmony with nature .

In surveys and field had the opportunity to do various activities with children inside of Amazonas , in the effective citizenship practices and preservation , and social inclusion , in order to encourage them to study , go to school anymore .

The Race Back to the Classroom Curupira was organized for this purpose , for children and young Curupira Lake , in the center of the forest , on the banks of Jandira Rio Solimões , and Andirá - Amazon River .

How is this done :

We request the cooperation of some company who donated books , notebooks , magazines , pencils , rubber last school supplies , snacks and toys at the end of the event were given to children and young participants .

The research turned Book: Global Warming and its influence in the Amazon . We donate 50 copies , which were sold at \$ 20 each , and all income was donated to the Institute Maison Mariama Ba , school dedicated to the education of girls orphaned or needy , as we had the opportunity to visit her in Goree Island , Senegal .

The Book Launch in Manaus , see video.

As a member of the Commission , Jessica Romão , driven by an interest in instructing children inside , searched the literature on Brazilian legends , and wrote the book , Jessica and Caramuri where legends are narrated several Amazonian folklore . The book is in English and Portuguese . It has been released in the U.S. , and in several states in Brazil .

Speaking of Women in power , was elected the President of AFFEAM , my entity class. I am the 1st . woman to hold that office in 44 years this important Association .

I want to take this opportunity to invite all partners to the festivities of the possession of the Board of AFFEAM , on December 20th , at 10 am in the Auditorium of SEFAZ - Amazonas - Brazil , and if possible , establish a partnership with me to perform direct events and projects of common interest of our entities .

This personal victory of a companion of FIFCJ only elevates and magnifies our institution and is inserted in the philosophy of " The outlook for the empowerment of women in the XXI century , " living up to the lessons learned in our national and international Congresses , as highlighted our illustrious companion , Minister Eliana Calmon , in his recent stay in Manaus .

Let's see the video .

Grateful for the attention :

Jeroniza Albuquerque
